The Washtenaw Area Council for Children's mission is to promote child safety and well-being and to prevent child maltreatment, abuse, and neglect through educational services and programs to children, parents, community members, and youth-serving professionals throughout Washtenaw County. Our programs make families stronger by offering support to parents and children and to the professionals that serve them. We emphasize reducing infant mortality, protecting and calming babies, teaching teens about internet safety and empowering young children to recognize and report sexual abuse. We welcome your support.
